PART VI

PUBLIC ADVERTISEMENTS

OFFICE OF THE PUBLICITY OFFICER TO THE GOVERNMENT OF MYSORE, PUBLIC OFFICES, BANGALORE.

Press Note.

Dated 25th October 1949.

The attention of Government is drawn to certain reckless and baseless allegations made against the officers of the Sugar Company and the Director of Food Supplies in the matter of acquisition and distribution of sugar. The allegations are entirely without foundation. Nothing has happened to disturb the harmonious relationship between the Director of Food Supplies and the Sugar Company.

Government have granted leave to the Director of Food Supplies at his own request on reasons of ill-health.

(P. N. No. C. 16—25-10-1949—301—400).

Press Note.

Dated 25th October 1949.

In the issue of *Deccan Herald* dated 24th October 1949, a letter has been published from Janab Mir Noor Hussain, a Member of the Representative Assembly, alleging that the Electrical Department has not been taking necessary precaution to avoid accidents. This has been based on the death of a gardener in the compound of Akashvani that occurred on the 20th instant.

The article alleges that the leakage of the current was reported to the Electrical Department eight days previously and also the writer of the article alleges that the Electrical Department has been exhibiting apathy at the leakage of current that occurs in the distribution system. This charge is based on incorrect information by the writer of the article. No report was made either eight days before or at any time till after the accident.

The leakage of the current was reported to the Department at 9 A.M. on the 20th instant after the accident. Immediately the circuit was opened and the Superintendent, Mysore Power and Lighting, visited the place and examined the defect and found that the underground cable of the street circuit was damaged while laying the pipe line along the foot-path in front of Akashvani Broadcasting Station. The damaged portion of the circuit was disconnected and service was restored to the rest of the street circuit. Thus it will be seen that the defect has been caused by the excavation of a trench in the area for laying the pipe line and the Department was unware of the defect till it was reported at 9 A.M. on the 20th instant after the accident.

The writer of the article refers to previous instances. As far as the Department is concerned, every time a defect is noticed by its staff or has been reported by the public, prompt attention has been paid, apart from the fact that *the Department has always been keeping a vigilant watch over the possible defects in the distribution system and attending to them promptly*. The error in the statement of the writer of the article is obvious that, if the defect existed for a week, several electrocutions should have occurred during the period, as the gate of the Akashvani is handled almost every day.

(P. N. No. C. 15—25-10.1949—201-300).

Press Note.

Dated 28th October 1949.

CHOLERA SITUATION IN MYSORE DISTRICT, OCTOBER 1949.

The following report on the cholera situation in Mysore District, based on the latest report, is published for general information.

The existence of the prevalence of cholera at Mahadeswara Betta Jatra was not known till the first cases began to be reported by the local authorities on 23rd October 1949. All the local doctors in all the dispensaries who were previously supplied with a total 6,000 doses of cholera vaccine, took up immediate inoculation work, that is, on the first reporting of the attacks at the various places in the District. A further stock of 17,760 doses of vaccine was supplied to the various dispensaries during the past three days. Every day 10,000 doses of vaccine are being sent to these dispensaries to replenish their stock so that a steady stream of vaccine will be kept up till the infection is completely under control.

It may be pointed out that cases of vomiting and diarrhœa were reported as cases of cholera from Yelandur town and some of the surrounding villages on 25th May 1949. Anti-cholera inoculations work in this area was begun immediately in these villages and was continued, in spite of the fact that the bacteriological examination of the stools indicated that they were not cases of cholera.

Reports of attacks and deaths so far received are only amongst those pilgrims who returned after attending the Mahadeswara Jatra. 71 attacks with 25 deaths have been reported so far. A strict watch is kept for any fresh outbreak in the villages themselves as a result of return of these pilgrims and their subsequent contact with the persons.

Mass inoculation work to protect the population is already under way. All the doctors in the dispensaries in the District are attending to the epidemic control work. In addition, eight doctors have been drafted for inoculation work and five inoculation centres have been started in Siva-Bridge, Mudukatore, Mugur, Santhemarahalli and Dodda Kowlende. All the villages round about these centres are being attended to. The remaining three doctors have been posted to infected villages of Mysore, Chamarajanagar and Nanjangud Ranges.

Special Health Inspectors have been posted to all the infected places for undertaking chlorination of all the drinking water sources, disinfection of infected places and houses, etc., segregation of cases and to attend to general sanitation work. All the hotels and shandies in the District have been closed down.

The reports received till now indicate that there is no cause for any anxiety and the situation is well under control.

(P. N. No. C. 26—28-10-1949—801-900).

2913

Press Note.

Dated 31st October 1949.

With a view to developing the Khadi Industry in the State so that several Khadi Centres might work on the basis of self-sufficiency and produce Khadi of finer varieties to suit varying tastes and to consider the measures therefor, a small Committee, consisting of three Members, as noted below has been constituted by Government in their Order, dated 5th August 1949:—

1. The Additional Director of Industries and Commerce.
2. Sri A. Vasudeva Rao, Secretary, Mysore Khadi Pracharaka Sangha, Chitaldrug.
3. Sri H. M. Channabasappa, President, District Board, Mysore.

The Committee has to review the progress of Khadi Industry in the State so far and go into the question of organising the future Khadi work in the State, and make suitable recommendations to Government in the matter. Since then, Sri K. A. Venkataramiah, Joint Organiser, Village Industries Committee, Karnatak Branch, (Dharwar District) has also been appointed as an Additional Member of the said Committee. Their recommendations are awaited.

(P. N. No. C—38).

2996

Press Note.

Dated 31st October 1949.

Elimination of Bogus Ration Cards.

The fact that Mysore is deficit in foodgrains has enjoined a great responsibility on every citizen of the State to help not only in increasing food production but also in husbanding the

899

resent resources by co-operating with Government in detecting and severely dealing with the anti-social elements who seek to draw rations either under false pretences or on bogus ation cards. Appeals made in the past in this behalf have yielded substantial results, inasmuch as 3,786 bogus ration ards, involving 16,045 adults and 2,945 children have been eliminated in Bangalore City alone since January 1949, resulting in a monthly saving of over 1,400 pallas of foodgrains. For the same period, in Mysore City, 2,535 bogus ards, involving 17,300 persons have been seized, resulting a nonthly saving of 1,380 pallas of foodgrains. But it is feared that a complete stop has not yet been put to this anti-social activity and that there is still in circulation a large number of bogus cards in all the rationed areas. Government are determined to detect these cases and deal severely with such cardholders. Government seek the co-operation of the public in this endeavour.

909 G. SUBRAHMANYAM, *Ex. Engr.*

MYSORE DIVISION.

Notification No. 17 dated 27th October 1949.

Notice is hereby given that sealed tenders will be received at the Office of the Executive Engineer, Mysore Division, up to 4 P.M. on Monday, the 28th November, 1949, for constructing a R. C. C. bridge (7 spans of 30 ft. with R. C. C. T. beem and decking) across Gundlu River near Madapatna (on the road to Kabbahalli), Gundlupet Taluk. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of June 1951.

2. The plans, detailed estimate and conditions may be seen at the Office of the undersigned at Mysore between the hours of 11 A.M. and 5 P.M.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed :—

Description of work	Unit of work	Rate per unit

4. Each tender must be accompanied by a deposit of Rs. 3,300 (Rupees three thousand and three hundred) for having credited to the District Treasury, Mysore, as earnest money under the head "40 (1) payments, into the Treasury by P.W.D. Officers" and be superscribed "Tender for constructing a R. C. C. bridge across Gundlu River near Madapatna, Gundlupet Taluk," in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Superintending Engineer, Mysore Circle, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond ; in default of which his tender will be considered cancelled, and his earnest money will be forfeited.

7 The name of the successful competitor, whose tender has been accepted, will be posted on the Notice Board in the Executive Engineer's Office in due course. No enquiry regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money of rejected tenders will be returned.

9. Rates once tendered will not be enhanced on any account.

10. Rates for non-tendered and non-estimated items shall be as per schedule rates of the Department or those fixed by the Executive Engineer after working out data with not more than 10 per cent for contractor's profit.

11. In all matters not specifically provided for and in all matters of dispute about rates, quantities, measurements, quality of works, etc., and in all disputes of any kind, the decision of the Executive Engineer will be final and legally binding.

12. Tenders must be given on basis of rates only which should be written both in words as well as in figures and they must be in specific term of unit shown against each item of work. Any quotation quoted at so much percentage less or more than estimated rate will not be accepted.

Notification dated 27th October 1949.

No. 16. Notice is hereby given that sealed tenders will be received at the Office of the Executive Engineer, Mysore Division, Mysore, up to 4 P.M. on Monday, the 21st November, 1949 for completion of the work of remodelling and extending the Taluk Office Building at Periapatna, Mysore District. An approximate estimate of quantities is given separately. These quantities are not guaranteed. The work should be completed by the end of June 1950.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office at working hours between the hours of 11 A.M. and 5 P.M.

3. Tenders should be submitted on printed prescribed forms which may be obtained from the Executive Engineer on payment of four annas per form. The tenders should be accompanied by a statement in the from given below, showing the rates at which the different items specified will be executed.

Description of work	Unit of work	Rate per unit.

4. Each tender must be accompanied by a deposit of Rs. 1,000 (one thousand only) for having credited to the District Treasury, Mysore, as earnest money under the head "40 (1) payments into the Treasury by P.W.D. Officers" and be superscribed as "Tender for remodelling and extending the Taluk Office Building at Periapatna," in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Superintending Engineer, Mysore Circle, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond, in default of which his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted to the Notice Board in the Executive Engineer's Office in due course. No enquiry regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money of rejected tenders will be returned.

9. Rates once tendered will not be enhanced on any account.

10. Rates for non-tendered and non-estimated items shall be as per schedule rates of the Department or those fixed by the Executive Engineer after working out data with not more than ten per cent for contractor's profit.

11. In all matters not specifically provided for and in all matters of dispute about rates, quantities, measurements, quality of work, etc., and in all disputes of any kind, the decision of the Executive Engineer will be final and legally binding.

12. Tenders must be given on basis of rates only which should be written in words as well as in figures and they must be in specific term of unit, shown against each item of work. Any tender at so much percentage less or more than estimated rate will not be accepted.

C. R. KRISHNASWAMY MUDALIAR,
3008 *Ex. Engr.*
